DESCRIPTION

Honeywell CK65 mobile computer: strenght and smartness

Honeywell CK65 mobile computer is the perfect combination of speed and strenght. It's ideal for handling a wide range of workflows even in harsh environments.

With a perfect synergy of keyboard and touchscreen, ergonomics and durability, the CK65 is light enough to use all day, yet durable enough to withstand the tear of daily use.

Features

Fast processor, advanced network connectivity and improved 1D/2D scanning, it also has a battery life of more than 18 hours to enable operators to stay connected for longer and maintain productivity over multiple shifts.
