

Mobile Computer Plus 72

Mobile Computer PLUS 72: Advanced Technology and Industrial Durability

COD: Plus-72

PLURISERVICE CODE TERICH007

Trasporti e
logistica

OPERATING SYSTEMS

Android

DESCRIPTION

The **PLUS 72** is a portable terminal **designed specifically** for the **industry**, equipped with a powerful **integrated Zebra scanning engine**. With the ability to **quickly** and accurately **scan 1D/2D barcodes** in any condition, even when labels are dirty, folded, or damaged, this device is the ideal choice for demanding environments.

Thanks to the 8000 mAh battery, the **PLUS 72** offers exceptional autonomy of over **12 hours of continuous work**, ensuring reliable performance even in the most challenging situations. The Android 11 operating system and Octa-core processor ensure a **smooth and stable configuration**, allowing an optimal user experience.

The 13-megapixel camera provides high-quality images, useful for documentation and business operation management. Additionally, the **integrated RFID system** offers a powerful tool for goods tracking and optimization of warehouse and logistics operations.

With an IP65 resistance rating, the **PLUS 72** is protected from external agents such as dust and **water**, **guaranteeing durability and reliability in any work environment**. This device is ideal for intensive use in various **industrial applications, including management, retail, warehousing, logistics**, and more.

Thanks to its advanced features, the **PLUS 72** stands out as a **versatile and reliable** portable terminal capable of tackling the daily challenges of the industry. Its ease of use and superior performance contribute to increasing operational **efficiency** and improving the **overall**

TECHNICAL SPECIFICATIONS

Dimensions: 164.2 x 80.0 x 24.3 mm / 6.46 x 3.15 x 0.96 inches

Weight: 654 g / 23.07 oz

Keyboard: 4 front keys, 1 power button, 2 scan keys, 1 multifunction key

Battery: Li-ion, rechargeable, 8000 mAh
Standby: over 500 hours Continuous use: over 12 hours (depending on user environment)
Charging time: 3-4 hours (with standard adapter and USB cable)

Display: 5.2" IPS LTPS, 1920 x 1080

Touch Panel: Corning Gorilla Glass, multi-touch panel, supports gloves and wet hands

Sensors: Light sensor, proximity sensor, gravity sensor

Notifications: Sound, LED indicator

Audio: 1 microphone; 1 speaker; receiver

Interface: USB 2.0 Type-C, OTG (On-The-Go), Type-C supported headphones.

workflow.

In summary, the **PLUS 72** is an important asset for **improving industrial operations** with its Zebra scanning engine, durable battery, Android 11 system, and integrated camera and RFID features. With IP65 resistance, it is the ideal choice for use in demanding environmental conditions, ensuring high-level performance in sectors such as management, retail, warehousing, logistics, and more.
