OPERATING SYSTEMS

Android

DESCRIPTION

The **PLUS C91** is the new **lightweight** and incredibly **high-performing** portable terminal. With Android 10 operating system and a high-performance octa-core processor, it offers cutting-edge performance for a variety of business applications.

This versatile device comes with a **rich set of configurations**, including an exceptional **barcode reader, WiFi, NFC, front, and rear cameras**. The **PLUS C91** provides **the best value for money in its category**, delivering advanced features at a **competitive price**.

Thanks to its versatility, the **PLUS C91** is perfect for implementation in various sectors, including **logistics, warehousing, retail, resource monitoring, and more**. Its extremely powerful performance and **lightweight design make** it an ideal choice for enhancing operational efficiency and optimizing business activities.

With an intuitive interface and advanced functionality, the **PLUS C91 simplifies daily operations**, improving productivity, and enabling users to work more efficiently.

The **PLUS C91** is built to deliver superior performance and meet the needs of businesses in different sectors. The combination of Android 10 operating system and octa-core processor ensures a **smooth and stable configuration**, while the configuration options allow tailoring the device to specific business requirements.

In conclusion, the **PLUS C91** is a comprehensive and reliable portable terminal, equipped with powerful performance and advanced configuration options. Ideal for

TECHNICAL SPECIFICATIONS

Dimensions: 158.5 x 76.0 x 13.1 mm / 6.24 x 2.99 x 0.52 inches

Weight: 230g / 8.11 oz. (without battery)

Keyboard: Power, 2 scan buttons, volume +/-

Battery and Power: Main Battery: Integrated 5000 mAh Standby: up to 490 hours (main battery only; WiFi: up to 470 hours; 4G: up to 440 hours) Continuous use: over 12 hours (depending on user environment) Charging time: 2.5 hours (device charging via standard adapter and USB cable)
